New

Universal multi code remote duplicator--Mate

QN-RS638X

- *Copy fixed code and rolling code in one remote
- *Frequency is 433Mhz
- *Waterproof case

Rolling code brand list

NICE-FLORS	CAME TOP432NA	CAME TOP432EE	BFT
FAAC	DOORHAN	NICE-SMILO	MOTORLINE
PECCNIN	BENINCA(TO.GO-WV)		

New

Universal Multi-code & Multi-frequency Remote Duplicator

Epic - Features:

Multi-code function

- *Copying fixed code remote
- *Copying rolling code remotes, involving more than 40 brands, 200 models
- *Regenerating 20 rolling code remotes, without original remote
- *Up to 4 remotes in 1

Multi-frequency function

- *Auto-scan frequency and copy, working range from 284-435.4Mhz, 868-870.4Mhz

More remote models as optional

Compatibility List

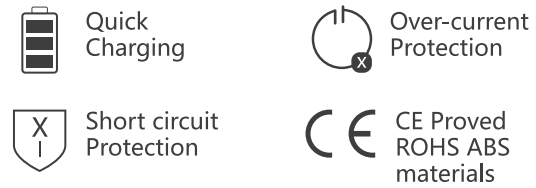

ADYX	DEA	MERLIN/PROLIFT	RIB
ALLMATIC	DASPI	MERLIN 2.0	SEAV
APERTO	DITEC	MERLIN	SICE
APRIMATIC	DOORHAN	MHOUSE	SIMINOR
ATA	ECOSTAR	MOOVO	SOMFY
BALLAN	FAAC	NICE	SOMMER
BENINCA	FADINI	NOVOFERM	STAGNOLI
BFT	GENIUS	NOVOTECNICA	TAU
CHAMBERLAIN LIFTMASTER MOTORLIFT	GIBIDI	PRASTEL	TELCOMA
CARDIN	KEY	PROEM	VDS
	KING GATES	PUJOL	V2

UNIVERSAL MULTI CODE REMOTE

New

Car charger remote

*Specification

Nominal Voltage	12V DC	Standby Current	<1mA
Working Current	(4.5±1) mA	Frequency	433.92MHZ±75KHZ
Working Voltage	10V~15V DC	Modulation	ASK
Transmitter Power	-15DBM	Button Durability	100,000 times
Button force	200±50g	Antenna Position	Left
Working Temp	-5~45°C	Humidity	<=95%
Charger Output Voltage	5V/2A	Charger Input Voltage	5V

Car Charger & Garage Door Remote In One

Your Life Only U-Control

CAR CHARGER REMOTE

New

Multicode & Multifrequency universal remote

QN-RS723X

Feature

- *Each buttons with function of independent control
- *With frequency: 310Mhz, 315Mhz, 318Mhz, 390Mhz
- *Popular item in North America

Compatible Remote

QN-RS723X COMPATIBLE LIST

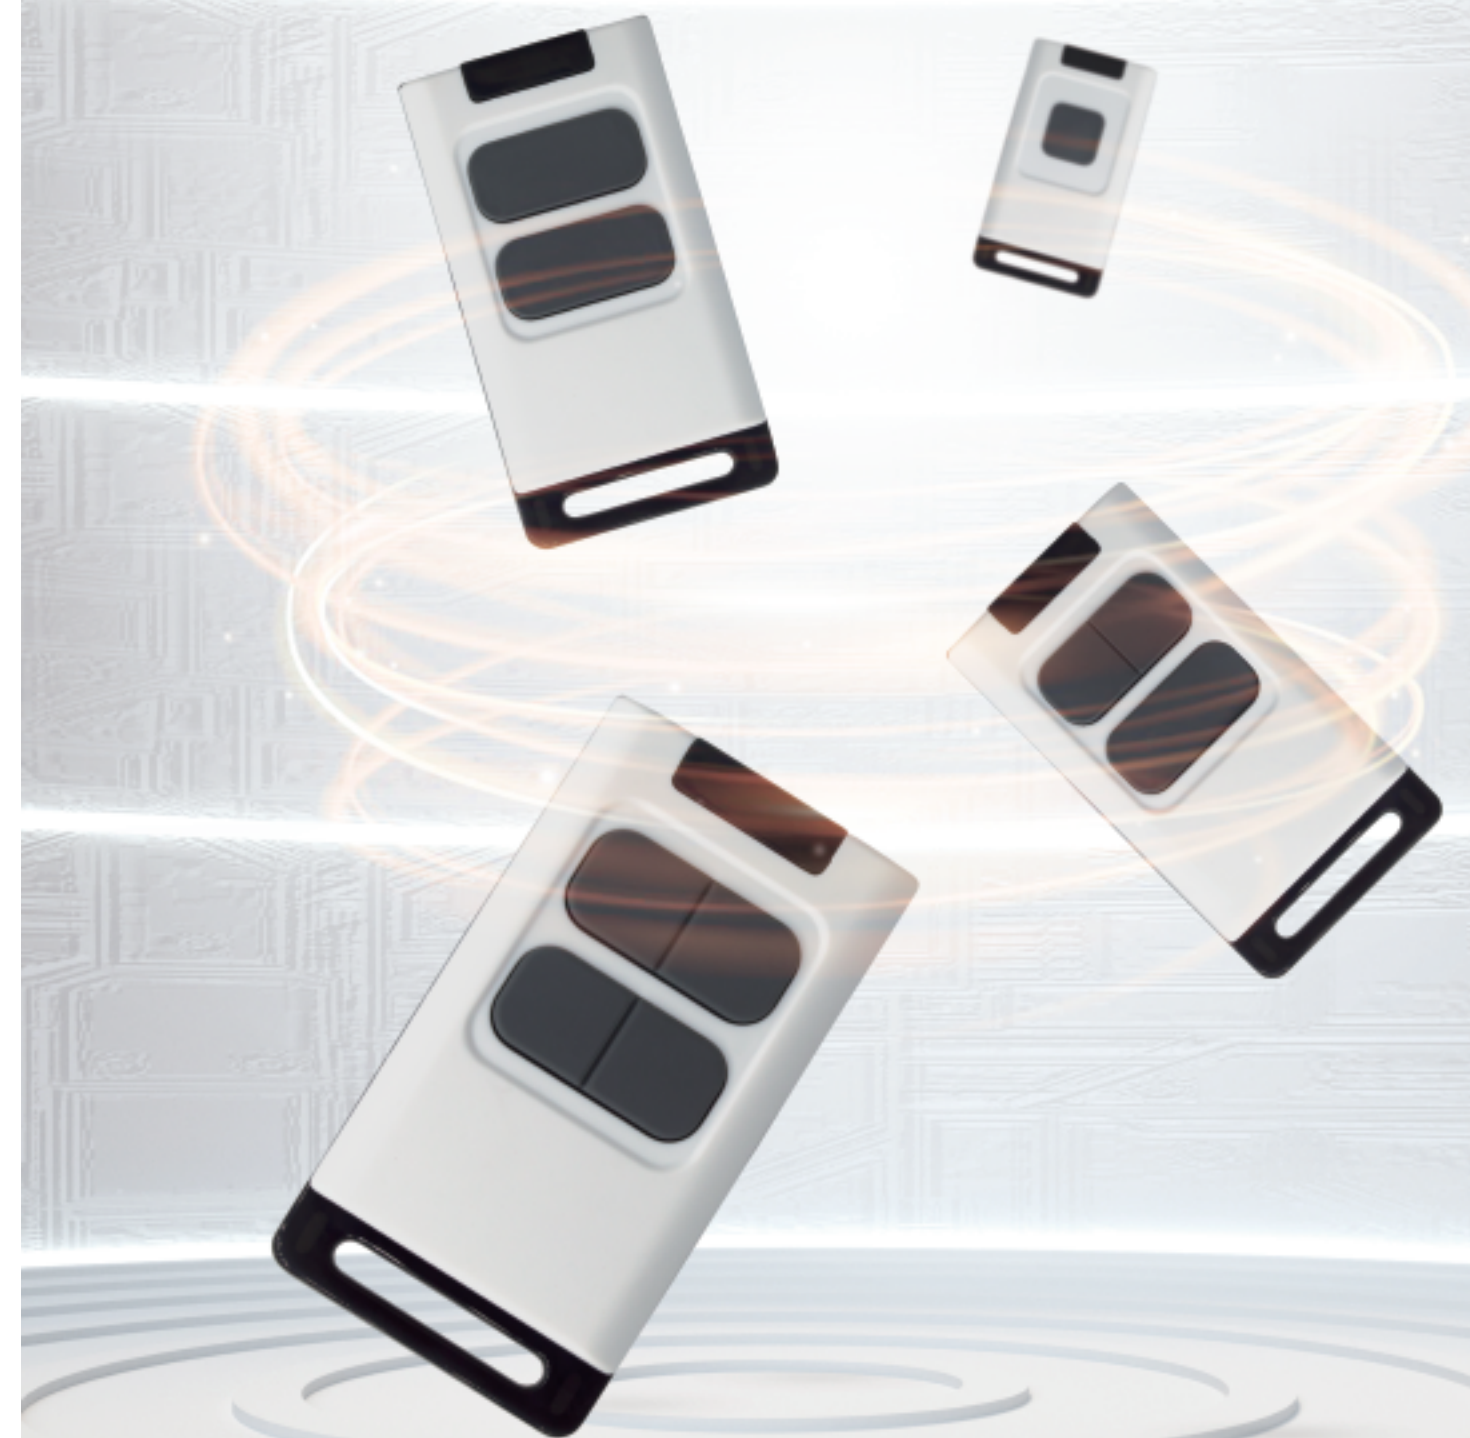

Garage Door Brand	programming color /Learn Button	Year	Frequency
Chamberlain	Green	1993–1996	390 MHz
Chamberlain	Orange/Red	1997–2003	390 MHz
Chamberlain	Purple	2005–2014	315 MHz
Chamberlain	Yellow	2011–Current	310/315/390 MHz
Linear MegaCode	Black	1997–Current	318 MHz
Genie / Overhead Door Intellicode	Black	1995–Current	390 MHz
Genie / Overhead Door Intellicode	Black	2005–Current	315 MHz
Stanley SecureCode	Black	1998	310 MHz

Brand	Code	Frequency
LiftMaster	Billion Code, Security+ and Security+ 2.0	310/315/390 MHz

myQ Lighting Modules	Models	Frequency
Chamberlain	WSLCEV-P1 and PILCEV-P1	315 MHz
LiftMaster	825LM and 823LM	315 MHz

MULTICODE & MULTIFREQUENCY UNIVERSAL REMOTE

Popular item in North America

Smart Kit

QN-KIT02

Feature

- *Automatically open in detection range
- *Adjustable detection range: 15M, 25M, 35M, 45M
- *Charger with power delivery for MacBook, IPAD, Mobile.....

Quick Charging

Over-current Protection

Short circuit Protection

CE Proved ROHS ABS materials

SMART KIT

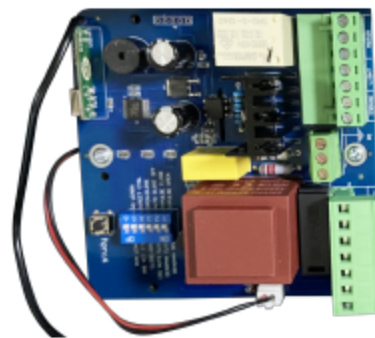

Automatically open in detection range

Rolling Gate Controller

Sectional Door Controller

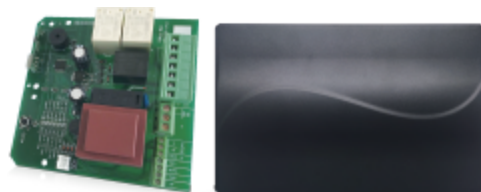

2DRA-010

Specification:
 Power Supply: AC200V-250V
 50HZ/60HZ
 Motor: AC200V-250V
 50HZ/60HZ
 Fuse: 250V 10A
 Output Power: 1000W
 Temperature: -20°C-65°C

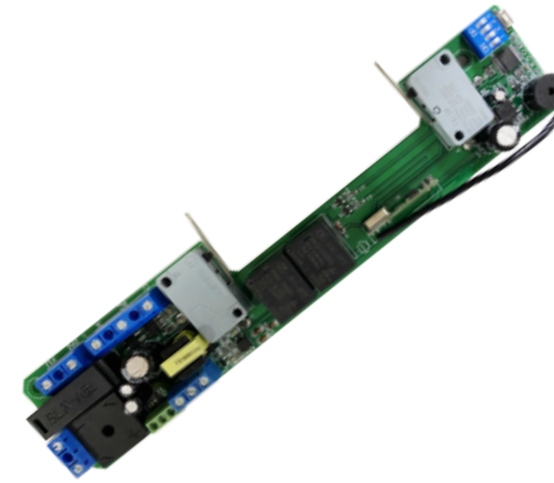

Features:
 *With infrared anti-pinch function
 *Encapsulated transformer, higher safety
 *Boxed fuse with anti-detonator
 *Sound and light reminder
 *With anti-crosstalk function

2DRA-015

Specification:
 Power Supply: AC200V-250V
 50HZ/60HZ
 Motor: AC200V-250V
 50HZ/60HZ
 Fuse: 250V 10A
 Output Power: 1000W
 Temperature: -20°C-65°C

Features:
 *With infrared anti-pinch function
 *Easy to find troubleshoot line faults in time
 *Encapsulated transformer, higher safety
 *Boxed fuse with anti-detonator

2DRA-011

Specification:
 Power Supply: AC100V-250V
 50HZ/60HZ
 Motor: AC100V-250V
 50HZ/60HZ
 Fuse: 250V 10A
 Output Power: 1000W
 Temperature: -20°C-65°C"

Features:
 *With limit switch
 *Real-time monitoring, rebound in case of resistance
 *Soft start and slow stop
 *Reserved interface & adjustable parameters
 *One remote control for multiple doors, easy to carry

2DRA-017

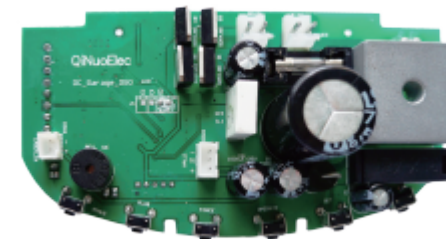

Specification:
 Power Supply: AC200V-250V
 50HZ/60HZ
 Motor: AC200V-250V
 50HZ/60HZ
 Fuse: 250V 10A
 Output Power: 1000W
 Temperature: -20°C-65°C"

Features:
 *Real-time monitoring, rebound in case of resistance
 *Soft start and slow stop
 *Reserved interface & adjustable parameters
 *One remote control for multiple doors, easy to carry
 *Automatically close the door

Sectional Door Controller

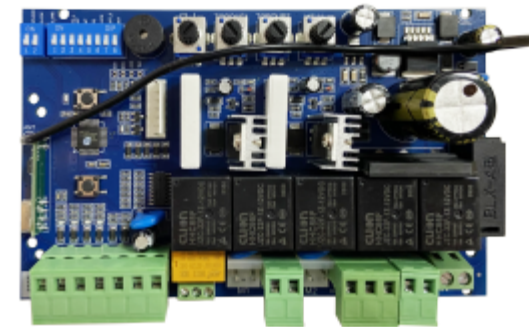

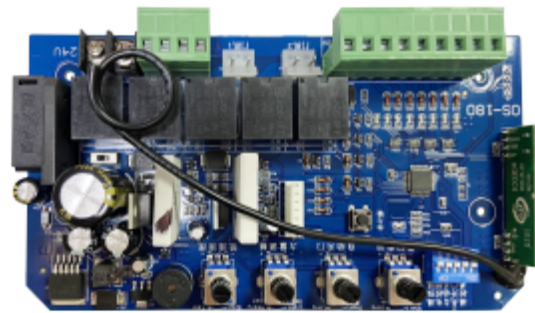

QN-DTDC001

Specification:
 Power Supply: AC230V-240V 50Hz
 Motor Power: 50W
 Standby Power Consumption: 0.6W
 Motor: 24DC permanent magnet
 Track Length: 2.8m(standard), 4m(Max)
 Normal Lift: 150n
 Lifting Power:400n
 Lifting Power Peak: 650n

Features:
 *Easy operation
 *Soft start and slow stop
 *Photoelectric protection
 *Rebound in case of resistance
 *Rolling code remote control
 *Low standby power
 *Pet/newcomer mode and vacation mode available

Swing Gate Controller

2DPD-010

Specification:

Power Supply: AC220-230V 50/60HZ
Transformer: 220VAC/24VAC
Number of motors: 2 DC motors
Motor power: <100W
Fuse: 10A
Temperature: -20°C-65°C

Features:

- *Real time monitor, Automatical stop against extra resistances, etc
- *Soft start and stop
- *Setting available for single-key control
- *Auto closing function, used with external recognition device
- *Interface for infrared obstacle detection, loop sensor, single key circulation control, independent key, etc
- *Interface for electric lock

2DPD-012

Specification:

Power Supply: AC220-230V 50/60HZ
Transformer: 220VAC/24VAC
Number of motors: 2 DC motors
Motor power:
Fuse: 20A
Temperature: -20°C-65°C

Features:

- Adapt to 3 types of motors (heavy-duty swing gate opener, arm swing gate opener, crank swing gate opener)
- *Real time monitor, Automatical stop against extra resistances, etc
- *Soft start and stop
- *Setting available for single-key control
- *Auto closing function, used with external recognition device
- *Interface for infrared obstacle detection, loop sensor, single key circulation control, independent key, etc
- *Interface for electric lock

2DPD-013

Specification:

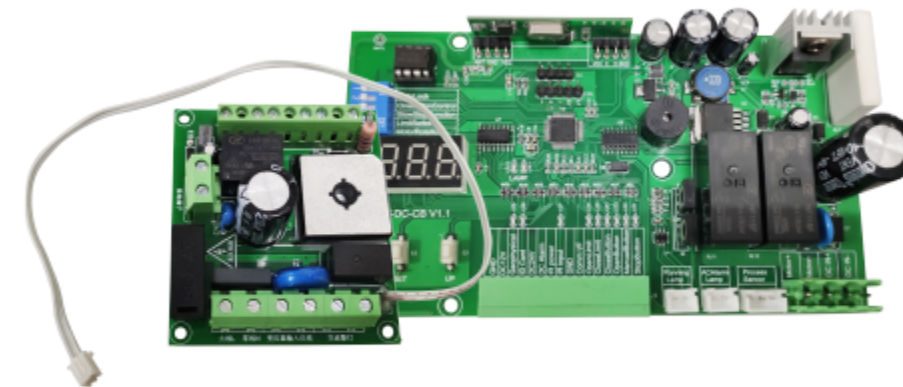

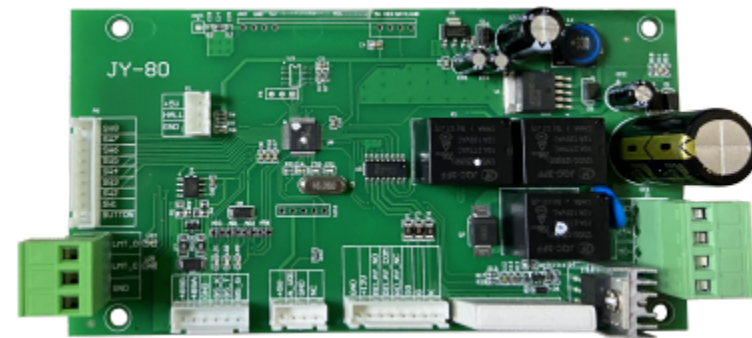

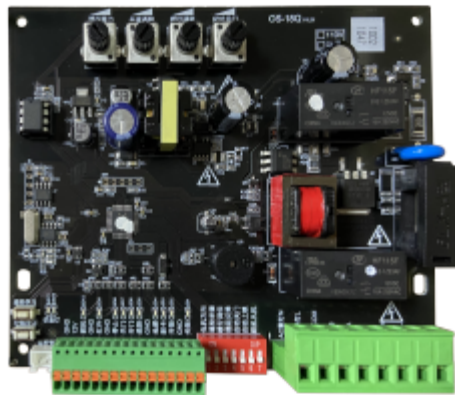

Input Power: AC24V
Max Output Current: 8A
Fuse: AC220V10A
Remote Distance: Open area > 50m

Features:

- *Anti-impact stroke design
- *Motor time protection during travel
- *Auto closing, Infrared anti pinch function, LED display, fault detection

Sliding Gate Controller

2DTA-003

Specification:

Power Supply: AC200 ~ 260V 50/60Hz
Motor: AC200 ~ 260V 50/60Hz
Output Power: AC220V - Max Power 1200W
AC Warning Lights: AC220V
Fuse : 250V - 10A
Temperature: -20°C ~ 65°C

Features:

- *Exclusive rolling code encryption remote control
- *Soft start and stop
- *Interfaces available for infrared obstacle detection, warning light, loop sensor, card reader etc
- *Obstacle protection, auto closing, auto locking

2DTA-006

Specification:

Power Supply: AC200 ~ 260V 50/60Hz
Motor: AC200 ~ 260V 50/60Hz
Output Power: AC220V - Max Power 1200W
AC Warning Lights: AC220V
Fuse : 250V - 10A
Temperature: -20°C ~ 65°C

Features:

- *Exclusive rolling code encryption remote control
- *Interfaces available for bluetooth control and voice prompt (optional)
- *Soft start and stop
- *Interfaces available for infrared obstacle detection, warning light, loop sensor, card reader etc
- *Obstacle protection, auto closing, auto locking

2DTD-0005

Specification:

Power Supply: AC200 ~ 260V 50/60Hz
Motor: DC24V
Output Power: 100W/150W
AC Warning Lights: AC220V
DC Warning Lights: DC24V - 10W
Fuse : 250V - 3A
Temperature: -20°C ~ 65°C

Features:

- *Exclusive rolling code encryption remote control
- *Soft start and stop
- *Interfaces available for infrared obstacle detection, warning light, loop sensor, card reader etc
- *Obstacle protection, auto closing, auto locking

Radio Receiver & Transmitter Kits

Feature

- *Fixed code and rolling code types as optional
- *Available for 315Mhz, 433Mhz, 868Mhz
- *Easy learning with button, up to 149 codes
- *OEM accepted

Indoor Receiver Kit QN-Kit01

- *Single channel or 2-channel independent set-up.
- *Power supply: 9-24V DC/AC.
- *Relay spec: 12A 14VDC or 7A 120VAC.
- *Operating distance: 40-50m.
- *CE proved.

Outdoor Receiver Kit QN-Kit02

- *2-Channel or 4-Channel independent set-up.
- *Power supply: 9-24V DC/AC.
- *Relay spec: 12A 14VDC or 7A 120VAC.
- *Operating distance: 100m.
- *Waterproof.
- *CE proved.

Indoor Receiver Kit QN-Kit03

- *2-Channel or 4-Channel independent set-up.
- *Power supply: 9-24V DC/AC.
- *Relay spec: 12A 14VDC or 7A 120VAC.
- *Operating distance: 100m.

Garden Light Control System QN-Kit05

- *2-Channel or 4-Channel independent set-up.
- *Power supply: 220/230V.
- *Waterproof&dustproof (IP55).
- *CE proved.

Outdoor Receiver QN-Kit06

- *Power supply: 9-24V DC/AC
- *Relay spec: 12A 14V DC or 7A 120V AC
- *2-Channel or 4-Channel Independent set-up
- *Fixed code with frequency 433Mhz
- *Operating distance: 100m

Indoor Receiver Kit QN-Kit07

- *Single channel or 2-channel independent set-up
- *Biggest load current on relay:
12A 14VDC or 7A 120VAC
